

METSO GREEN

CONCRETE CLEANER

WITH REAL PINE OIL DEODORANT

NOW AVAILABLE IN CASES OF 12-2.5 LB JARS!

A high quality powdered concrete cleaner that is effective in the removal of grease, oil, transmission fluid, diesel and other soils on concrete. This light orange powder contains real pine oil and will turn green when activated with water. For cleaning and deodorizing concrete garages, machine shops, service stations, areas around garbage dumpsters, barns, farms, restaurants, parking lots, and drive up windows. U.S.D.A. Authorized (C1)

Directions

First wet concrete thoroughly. Sprinkle on and spread around wet concrete with broom. Let it stay for one to two hours or overnight. Then, hose concrete thoroughly.

Liquid use: Mix two cups with one gallon of warm water. Mop or flush on concrete or item to be cleaned. Let stand for one hour, then wash off with water.

Will not harm asphalt or blacktop.
